Simple Disability Income Coverage for Term Buyers

Many of your term clients may have some employer provided disability income (DI) coverage, but may want more. They may also want coverage they can keep if they change jobs. Through National Insurance Brokerage, you have access to a DI rider* that can be a valuable enhancement for some term clients:

- Clients who are issued a standard or better policy for their term coverage can qualify for the DI rider with no additional medical underwriting.
- Unlike most DI riders, this plan offers two rates: white collar is class 1, gray / blue collar is class 2.

EXAMPLE

Monthly Earnings	\$7,000	
Employer DI Coverage	\$3,500	50% of Income
Maximum Select-a-Term DI Rider Available	\$1,400	
Total DI Coverage	\$4,900	70% of Income
