New! TransTermSM UL's Coverage Continuation Compensation (CCC) Program

Now, with TransTerm's CCC program, producers may have the opportunity to be paid additional full first-year commission if coverage is extended beyond the planned initial level premium period.

TransTermSM UL policies offer the best of both worlds: initial cost-effective, term-like premiums, with the flexibility to extend to lifetime coverage for the policy owner, if needed. Producers can be compensated by helping clients continue their policy if needs change in the future.
