

PROTECTION NOW. PROTECTION FOR LIFE.

The successful launch of TransTermSM, Transamerica Life's newest product, has highlighted the growing market for a product that can offer the best of both worlds: initial cost-effective term-like premiums with the flexibility for the policy owner to extend to lifetime coverage, if needed.

In addition to competitive premiums, TransTerm also offers high maximum issue ages up to age 85, non-med underwriting for policies with face amounts from \$25,000-\$99,999, the Income Protection Option (IPO) to structure a monthly guaranteed income stream to beneficiaries, 1035 exchanges, and flexible premium options.^{1,2}

In order to better focus our resources and further strengthen our product offerings, Transamerica Life Insurance Company will withdraw from sale the Trendsetter[®] Super Series Level Premium Product Portfolio effective August 1, 2011. We will provide a two month window of opportunity to close out all pending sales and submit applications.

The Trendsetter Super YRT product and Trendsetter Super Series New York products will not be affected and will remain available for sale.

The Trendsetter Super Series bulletin including transition information is available [HERE](#).
