Introducing **BrightLife®** Grow Survivorship

Survivorship indexed universal life insurance can be a smart addition to many financial plans for couples who want more ways to protect their legacy, reduce their taxes, and potentially grow their money over time with downside protection.

BrightLife® Grow Survivorship has been specifically designed for couples who want life insurance for their family and retirement income for themselves. BrightLife® Grow Survivorship offers your clients:

- **Eight indexed options** to choose from, including two **Hi-Par options**, and all with complete downside protection. Clients can also choose to allocate part of their premium to the Guaranteed Interest Account with a guaranteed rate of 2%.
- **Guideline Premium Test** option, which can be a more appropriate definition of life insurance test to be used with an accumulation strategy.
- An **optimized cost structure**, for improved performance.
